ROBERT REILLY JOINS AMERICUS

WILL PLAY BALL IN THE GEORGIA STATE LEAGUE THIS YEAR INSTEAD OF THE SOUTH ATLANTIC.

Robert Reilly, who has been residing in Pensacola since the close of last year's baseball season, left yesterday for Americus, Ga., where he will join that team in the Georgia State league, instead of playing in the South Atlantic as he did last year. His departure is regretted very much by local fans who hoped to see him a member of one of the Twilight league clubs during this season. Reilly should lead the Georgia State league in batting for the season, as he is an exceptionally heavy hitter and all-around player.

FEDERALS RELY ON INJUNCTION TO KEEP STARS

FIRST PERMANENT PROCESS WILL BE SOUGHT TO PREVENT KILLER FROM PLAYING WITH ANY CLUB BUT CHICAGO, THIS BEING FIRST OF A SERIES OF TEST SUITS.

BY ASSOCIATED PRESS.
Chicago, March 19.—A bill asking for a permanent injunction to prevent William Killefer from playing with any baseball club except the Chicago Federal league club will be filed in the United States court at Grand Rapids, Mich. next Thursday, it was announced today by James A. Gilmore, president of the Federal league.

The Killefer case, Gilmore said, will be the first of a series of test suits to be started by the Federal league. Gilmore said he would bring pitchers Blanding and Kahler of the Cleveland American league club to court to show cause why they should not report to the Federal league but this will not be done until the Killefer case is settled.

Killefer, according to Gilmore, signed a Federal league contract, accepted \$500 as advance money, then repudiated the contract and joined the Philadelphia National league club which is now training in the south.

Their train was reported two hours late and Mr. Taft stated that the meeting would not be held until late in the afternoon.

Open Dates at New Parks.

ANOTHER COLD WAVE EXPECTED HERE TONIGHT

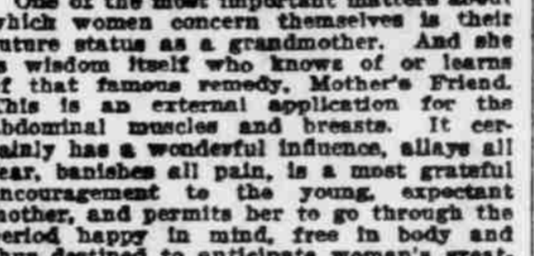

WEATHER BUREAU EXPECTS THE TEMPERATURE TO DROP DOWN TO ABOUT 36 DEGREES BY MIDNIGHT.

That another cold wave is on its way south and that Pensacola and the surrounding territory will feel the change to a marked extent is the prediction of the weather bureau. The change will reach here during today and tonight and will be ushered in by a high northwest wind. By midnight the temperature should be hovering around 36 degrees, four above the freezing point.

Yesterday afternoon at 2 o'clock the northwest storm warning signals were displayed, following rain and threatening weather during the early afternoon. At the same time a cold wave warning reached the office.

Cold waves have been coming south with remarkable frequency during the past month and it was freely predicted by the amateur forecasters about the city that the one of last week disappeared that it was the last of the season, but from the weather bureau's prediction winter is to linger in the lap of spring for a while longer in this vicinity.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's Greatest Happiness.
One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women. Hence Mother's Friend is really one of the greatest blessings that could be devised. This splendid and certain remedy can be had at any druggist at \$1.00 a bottle, and is sure to prove of incalculable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Register Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

Smooth, Hairless Skin Follows this Treatment

(Toilet Tips)
Among the home-beauty helps, none perhaps is more important than that which will free the skin from obnoxious hairy growths. A simple method to rid the skin of unsightly hairs is to make a paste by mixing powdered salicylic acid with water and applying for about 3 minutes, then rubbing off. With it comes every bit of hair and when the skin is washed, it will be firm and free from blemish. Results are more satisfactory if the salicylic acid is bought in an original package. (adv.)

The constant pounding had shattered the bottom of the steamer and in the after part the water was almost up to the decks. There was no hope of saving the vessel.
Captain McDonald said that the City of Sydney was wrecked in the coast from New York. He was trying to pick up the lightship Halifax, southeast of Sambro Island when the steamer struck. She was several miles out of her course.
